FW: Bldg #89

Hello Rebecca, we would like to put an interior door in building 89, as you can see by the plans the work area shows that there was a door there at one time, but it got taken out and covered with sheet rock, it's a little difficult to see in the pictures but the one showing a light switch in the middle of the wall tells me that that was for when you walked in the door to the office. We will put an as like door and frame back in. Please let me know if we can move forward with this project, thanks.
